

## **The specialist for industrial switches Kraus & Naimer has been recertified as ‘Austria’s Leading Company’**

Kraus & Naimer Produktion GmbH, another excellent company based in Vienna has been certified again as a leading company in Austria. The award was handed over by the Managing Director of Austria’s Leading Companies Monica Rintersbacher to the Chief Financial Officer Mag. Harald Zeller during a digital certificate ceremony (link to video: [youtu.be/ROVU0-LsYLQ](https://youtu.be/ROVU0-LsYLQ)). Leading companies in Austria are selected after passing a rigorous evaluation procedure. They are exemplary companies that have committed themselves to long lasting business success, innovation and corporate social responsibility. Austria’s Leading Companies offer the most successful companies in Austria a unique platform for intensifying a multidisciplinary and cross-border know-how exchange. As Monica Rintersbacher explains: “Together we set milestones for the sustainable development of Austria as a business location.

Kraus & Naimer is a true global player, especially in the cam and switch disconnectors manufacturing sector. Its main customers work in different industrial and transport sectors. As Monica Rintersbacher explains during the certificate ceremony : "This 110-year-old family business is writing a truly fascinating success story," – she continues: "The long series of product innovations and the ongoing developing of its corporate structures, which have also made the company a pioneer in terms of digitalization at various levels, have become the basis of a sustainable, profitable and fast growing business model."

### **About Kraus & Naimer**

Kraus & Naimer Produktion GmbH is an electrical switchgear manufacturer based in Vienna. It was founded in 1907 and its symbol is the Greek “Phi”. The company is specializing in the production of cam switches and switch disconnectors and it is a strong partner for many customers from different sectors such as transport (railways, vehicles, ships, etc.), conveying systems, lift systems, mechanical engineering, power generation and power distribution. The family business is the world market leader in the field of cam switches. Moreover, the smallest cam switch in the world (Model CA4N) is a Kraus & Naimer product. The company has six production plants, 18 distribution and consulting companies and it has more than 900 employees worldwide.
